Jay,

I have uploaded most of the data from the pipeline, a report is attached. RF-1 and RS-2 will not upload because you have used the same sample number for both. You will have to delete one of the samples and start over with the correct sample number.

Please let me know if you have any questions.

Thanks,

Dana:

Please upload the water quality information in the pipe line.

It should all be uploaded. I still have the problem with the two locations not wanting to acknowledge the check mark.
